

BABIES & BEYOND

About the Program

The Babies and Beyond program is a four-tiered approach, which provides support and education for mothers from the prenatal period through the postnatal phase and beyond.

Areas of Focus:

- Provides all pregnant women in IRC with free prenatal education classes
- Offers Certified Lactation Counselors within Cleveland Clinic IRC to provide bedside support to each mom that delivers at the hospital
- Provides a Registered Nurse who will offer mom and baby a nurse home visit after hospital discharge
- Referrals to additional programs, developmentally appropriate playgroups, and classes

To learn more about eligibility requirements for this program, contact a Maternity Navigator at 772-268-7420 or 772-268-7474.
