

PARENTS AS TEACHERS

About the Program

Provides parents of infants and toddlers with established and emerging research on how nurturing interactions shape a baby's mind and how this is essential for a child's success in school and life. Support starts during pregnancy and extends until your child's 3rd birthday.

Areas of Focus:

- Education to increase parental knowledge of early childhood development
- Build stronger attachment between child and caregiver
- Early detection of developmental delays and health issues
- Increase school readiness and success
